

## Curriculum Vitae

### David B. Kaplan

Address: Institute for Nuclear Theory, 351550  
University of Washington  
Seattle, WA 98195-1550

Phone: (206) 685-3546  
E-mail: [dbkaplan@uw.edu](mailto:dbkaplan@uw.edu)

Education: 1985 Ph.D., Physics, Harvard University (Thesis advisor: H. Georgi)  
1980 B.S., Physics, with distinction, Stanford University  
1976 Lakeside High School, Seattle, WA

Employment 2016 – Senior Fellow, Institute for Nuclear Theory  
2006 – 2016 Director, Institute for Nuclear Theory  
1998 – Professor, University of Washington  
1994 – 2006 Senior Fellow, INT  
1994 – 1998 Associate Professor, UW  
1992 – 1993 Associate Professor, UCSD  
1988 – 1992 Assistant Professor, UCSD  
1985 – 1988 Junior Fellow, Harvard Society of Fellows

Honors 2017 Thomas L. and Margo G. Wyckoff Endowed Faculty Fellowship  
2015 Elected to the American Academy of Arts and Sciences  
2013 Elected to the National Academy of Sciences  
2010 Elected to the WA State Academy of Sciences  
2009 Harvard Loeb Lecturer  
1999 Elected APS Fellow  
1990 National Science Foundation Presidential Young Investigator  
1990 Alfred P. Sloan Research Fellow  
1980 David Levine Prize, Stanford Physics Dept.  
1977 National Merit Scholar

Recent Service 2017 – 2021 Scientific Advisory Committee, Perimeter Institute  
2016 – 2019 International Advisory Committee, Higgs Centre for Theoretical Physics  
2015 – 2018 Advisory Committee on TRIUMF  
2015 – 2017 USQCD Science Advisory Board  
2014 – 2016 APS Nominations Committee  
2011 – 2014 Jefferson Laboratory Science Council  
2011 – 2013 SNOLAB Experimental Advisory Committee

Research Interests Strong Interactions and lattice field theory;  
Particle physics beyond the Standard Model;  
Cosmology.
